Rockville, MD 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: It is wrong to not let me buy my medicine where I can get the best product (highest quality) possible. This is literally a matter of life + death if you get an inferior product. I do not support restricting the availability of individually compounded medications. What I need is not available from commercial pharmaceutical manufacturers or local pharmacies.
